D. B. McCarty, Esq.
Auditor, &c.
Indianapolis, Ind.
Sir,

In reply to your letter of 26th ulto.
I have to state that the tracts in Sections
34, 35 and 36 Township 37 N R 7 W embraced
in Patent No. 3, of Swamp and over-
flowed lands in the Wisconsin
District, are accurately described, except as
to the words, "North of Indian Boundary
line," after W 1/2 of SE 1/4 sec. 35, which are
superfluous, as said line does not touch
said tract. The lots in sec. 36 are not
correctly numbered on the transcript of
survey enclosed in your letter. I herewith
enclose you a correct transcript of the
survey and numbering of the tract, which
will show the tract conveyed. This
true area is 936.700 acres, instead of 906.80, as
stated in the patent. This discrepancy arose

from not computing lot no. 3, ^{80 acres,} indicated
by you as lot no. 4. The SW 1/4 of SW 1/4
sec. 36, indicated by you as lot no. 5, is not
embraced in the patent; rather is
the small fraction ^{2.700} acres lying South
of the Indian Boundary line and between
the NE 1/4 of NE 1/4 and the river.

Very Respectfully
Your Obedt

McDonald
Commissioner
